

VER-MAC

WATCH TOWER OBSERVER ELITE SERIES

Ver-Mac's WATCH TOWER OBSERVER ELITE is a mobile solar video surveillance system that comes with single or dual HD IP Video PTZ cameras. It provides an easy and rapidly deployable outdoor temporary or long term video surveillance solution. Built to last, this cost-effective solution is designed to perform year-round in all weather and lighting conditions. This eco-friendly unit is 100% powered by solar panels & rechargeable batteries. The system is perfect to use for surveillance/asset protection applications such as construction sites, parking lots, special events, emergency response, oil and mining, or any off-the-grid locations where security/surveillance is required.

FEATURES AND BENEFITS

MID/LONG-TERM VIDEO SURVEILLANCE SOLUTION

Can operate up to 12 months and record locally 24/7 for up to 7 days. Videos will automatically be overwritten

VERY RAPID DEPLOYMENT

15 minutes or less by 1 person

DAY AND NIGHT VISION OF THE AREA

Durable and high-quality camera provides live footage or recorded images in all lighting conditions

RECORDING

Records days/weeks of videos locally. Users have control on recording continuously or on schedule

REMOTE ACCESS FROM ANY DEVICES

View real-time video streaming in the cloud from any PC, tablet or smartphone

100% RENEWABLE ENERGY
