

VER-MAC

LIGHT TOWER

4000 SERIES

Ver-Mac's LIGHT TOWER 4000 is a compact and powerful portable solar light tower that is cost-effective and has a great return on investment. It is visually as bright, effective and compact as conventional diesel light towers, without costing thousands of dollars every year in fuel and labor. It features 4 LED lamps with our exclusive Nightbrite technology, which provides a brighter and more environmentally-friendly lighting system.

FEATURES AND BENEFITS

MID/LONG-TERM LIGHTING SOLUTION

Autonomous for weeks in most areas

NIGHTBRITE TECHNOLOGY

Innovative exclusive LED fixture design provides increased brightness using less power consumption, compared to other LED lamps on the market. It provides targeted lighting with minimal light pollution and reduced glare

COMPACT DESIGN

The innovative solar panel and trailer design makes it easy to transport and set up without taking up valuable space

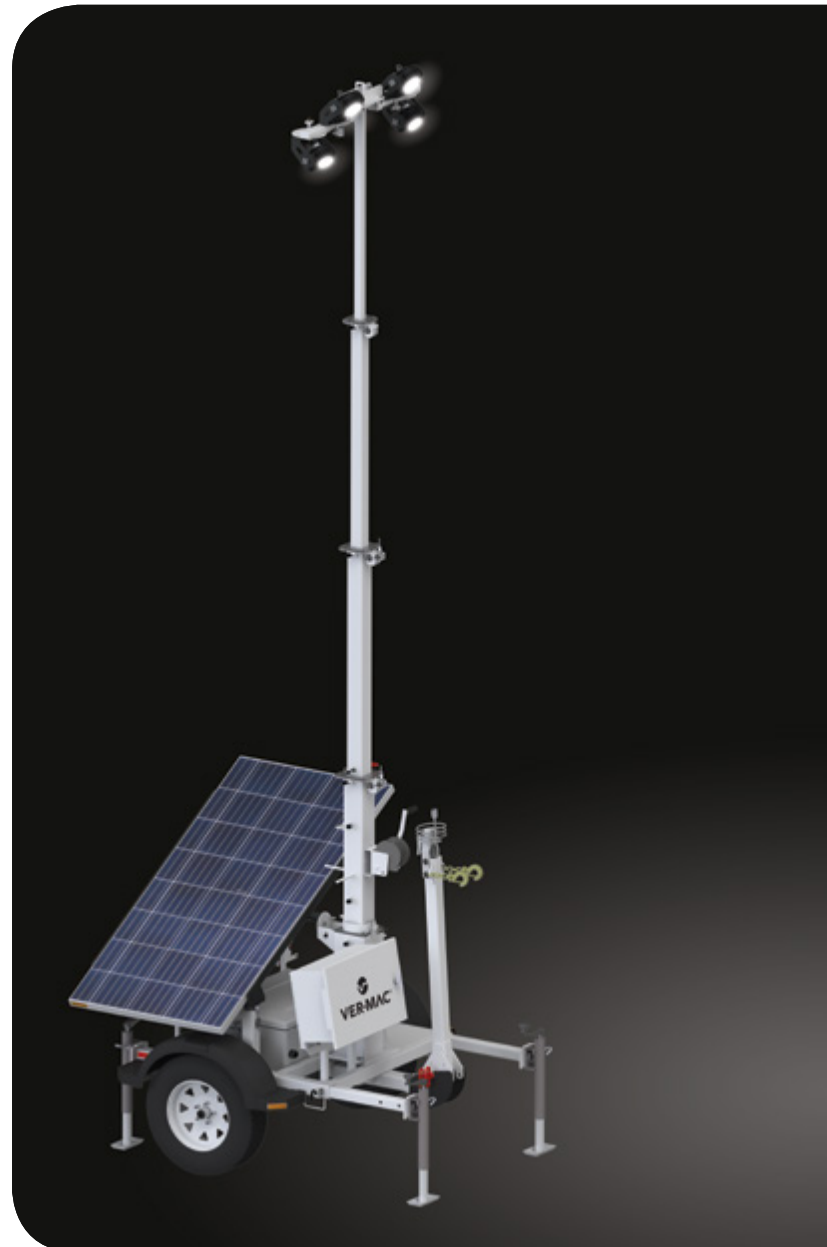

INTELLIGENT CONTROLLER

Schedule and control the brightness and length of your lighting event. The easy-to-use selector switch provides multiple brightness and timing settings

LOW COST OF OWNERSHIP

Eliminate fuel, fuel labor, engine maintenance and sodium light replacement costs and save thousands of dollars per year*

*Compared to traditional diesel powered light towers

100% RENEWABLE ENERGY

- ✓ NO FUEL
- ✓ NO NOISE
- ✓ NO SMELL
- ✓ NO MAINTENANCE

Rugged compact trailer
made by an ISO 9001:2015

over 60 years of experience

Travel/storage position

LIGHTING APPLICATIONS

- Construction sites
- Special events
- Parking lots
- Emergency response team's support
- Mining and Oil & gas

DIMENSIONS & WEIGHT

- Operating length: 84 in. (2137 mm)
- Operating width: 71 in. (1791 mm)
- Operating height: 240 in. (6096 mm)
- Travelling length: 149 in. (3789 mm)
- Travelling width: 71 in. (1791 mm)
- Travelling height: 101 in. (2559 mm)
- Weight (approx.): 1562 lb (710 kg)
- Axle/suspension: 2000 lb (907 kg)

GENERAL SPECIFICATIONS

- LED lamps: 4 adjustable fixtures
- Luminosity: Up to 42K lumens total
- Solar panel: 295 watts / tilts up to 30°
- Batteries: 470 A/h wired in a 24-volt system
- Battery charger: 40 amp
- Mast : 20 feet (6.09 meters)
- 2 outriggers for trailer stabilization

WARRANTY

- 1 year on complete unit
- 2 years on electronic components manufactured by Ver-Mac
